

TEAM CHECK-IN

The Workforce Operating Layer

Know the work. Coordinate the team. Recognize contribution. Create opportunity.

POSITIONING

CATEGORY Workforce Analytics Platforms in this category (e.g. ActivTrak) are built to help managers understand workforce activity — surfacing data on how time and effort are being spent.	CATEGORY Team Check-In Built to make good work visible in real time — connecting the task at hand, the person handling it, and the recognition and reward that follow.
WORKFORCE ANALYTICS ASKS "What are employees doing?"	TEAM CHECK-IN ASKS "What needs to get done, who is handling it, who stepped up, and who should be recognized?"
